

Appendix. Map of wound care interventions across grouping approaches

<b>Problem</b>	<b>Category (Category of Action Groups)*</b>	<b>Target</b>	<b>Thoery-based Groups*</b>	<b>Clinical Expert Consensus Groups*</b>	<b>Inductive Groups</b>
Neuro-Musculo-Skeletal Function	Surveillance	Positioning	Monitoring	Monitoring Injury Prevention	Basic
Neuro-Musculo-Skeletal Function	Surveillance	Safety	Monitoring	Monitoring Injury Prevention	Basic Basic &
Bowel function	Surveillance	Signs/symptoms physical	Monitoring	Monitoring Other	Comprehensive Basic &
Integument	Case Management	Medical/dental care	Providing Therapy	Coordinating Community Resources	Comprehensive Basic &
Integument	Surveillance	Signs/symptoms physical	Monitoring	Monitoring Skin	Comprehensive Basic &
Integument	Treatments and Procedures	Dressing change/wound care	Providing Therapy	Providing Wound Care Treatment	Comprehensive
Integument	Treatments and Procedures	Bowel care	Providing Therapy	Providing Bowel and Bladder Treatment	Comprehensive
Circulation	Case Management	Medical/dental care	Providing Therapy	Coordinating Community Resources	Comprehensive
Circulation	Surveillance	Signs/symptoms physical	Monitoring	Monitoring Respiration and Circulation	Comprehensive
Circulation	Treatments and Procedures	Specimen collection	Providing Therapy	Providing Respiration and Circulation Therapy	Comprehensive
Circulation	Procedures	Signs/symptoms	Providing Therapy	Therapy	Comprehensive
Cognition	Surveillance	mental/emotional	Monitoring	Monitoring Emotional and Cognitive Status	Comprehensive
Cognition	Surveillance	Signs/symptoms	Monitoring	Monitoring Emotional and Cognitive Status	Comprehensive
Emotional stability	Surveillance	mental/emotional	Monitoring	Monitoring Emotional and Cognitive Status	Comprehensive
Genito-urinary function	Teaching, guidance, and counseling	Signs/symptoms physical	Informing	Teaching Disease Process	Comprehensive

## Intervention Data Management

Integument	Case Management	Supplies	Providing Therapy	Coordinating Supplies and Equipment	Comprehensive
Integument	Teaching, guidance, and counseling	Dressing change/wound care	Informing	Teaching Disease Treatment	Comprehensive
Integument	Teaching, guidance, and counseling	Signs/symptoms physical	Informing	Teaching Disease Process	Comprehensive
Medication	Surveillance	Medication action/side effects	Monitoring	Monitoring Medications	Comprehensive
Regimen	Teaching, guidance, and counseling	Medication action/side effects	Informing	Teaching Medications	Comprehensive
Medication	Teaching, guidance, and counseling	Medication administration	Informing	Teaching Medications	Comprehensive
Regimen	Treatments and Procedures	Medication set up	Providing Therapy	Providing Medication Treatment	Comprehensive
Neuro-Musculo- Skeletal Function	Surveillance	Mobility/transfers	Monitoring	Monitoring Injury Prevention	Comprehensive
Neuro-Musculo- Skeletal Function	Surveillance	Signs/symptoms physical	Monitoring	Monitoring Injury Prevention	Comprehensive
Nutrition	Surveillance	Nutrition	Monitoring	Monitoring Other	Comprehensive
Nutrition	Teaching, guidance, and counseling	Lab findings	Informing	Teaching Disease Process	Comprehensive
Pain	Surveillance	Signs/symptoms physical	Monitoring	Monitoring Pain	Comprehensive
Personal hygiene	Case Management	Personal care	Providing Therapy	Coordinating Other	Comprehensive
Personal hygiene	Treatments and Procedures	Personal care	Providing Therapy	Providing Treatment Other	Comprehensive
Respiration	Surveillance	Signs/symptoms mental/emotional	Monitoring	Monitoring Respiration and Circulation	Comprehensive

\* Deductive grouping approaches
