

Central Region Omaha System User Group
April 15, 2010
WebEx Format
Meeting Notes

Attendees:

Name	Agency	Name	Agency
Gloria Sorem	Sherburne County	Karen Monsen	University of Minnesota
Inez Baker-Westbrock	Chisago County	Linda Westby	Ottertail County
Linda Bauck	MDH	Mary Nesseth	Wright County

Agenda Item	Discussion	Action Item
1. Introductions	See attendee list above	
2. Discussion of the "Problem" Breastfeeding	Chisago County (Inez Baker-Westbrock) has decided to focus on breastfeeding through the problem "Nutrition" with concerns about using standardized language in a standardized manner. Karen felt this was appropriate to use the problem "Nutrition" and asked the pathway be posted on the Minnesota Omaha System User Group web site. http://omahasystemmn.org .	Inez will post the pathway on the Minnesota Omaha System web site
3. Update from New Zealand informatics community -photos	For those interested, Karen's New Zealand presentation (complete with scenic photos will be posted on the Minnesota Omaha System web site. Meaningful Use of Standardized Terminology to Support the Electronic Health Record Originally presented by Karen A. Monsen, Ph.D., R.N. at Health Informatics New Zealand, March 29, 2010 https://umconnect.umn.edu/monsenhinz/	
4. Update from Washington State Omaha System users - pathways	Washington State has chosen the Omaha System for its work in the development of standardized outcomes. With Karen's assistance, they are working towards agreement on problems and pathways. When the work is complete, with their permission, this work will be posted on the Minnesota Omaha System User web site. http://omahasystemmn.org/Careplans/PeerReviewed/Washington/WACoreMCHPathways20100415.xls	
5. Inter-rater reliability update plan for summer 2010	<ul style="list-style-type: none"> • There is currently work being done on a KBS supplement as well as work on inter-rater reliability within the Omaha System. • The most recent review was January 2009 and is due again this summer. This review will be done in three, two hour conference call meetings. • Karen asked if the Central Region Omaha System User Group would be interested in participating in these conference calls. • The problems would be divided up in to three groups and the participants would be informed in advance of the meeting as to which problems would be discussed. • Please hold these three dates for KBS Rating Guide Supplement Update Phone/WebEx meetings: <ul style="list-style-type: none"> • July 27 - 1-3 PM • August 4 - 1-3 PM • August 13 - 11 AM - 1 PM 	Karen will send information and specifics about the meetings – using the time for discussion of inter-rater reliability of one "set" of problems, and Linda will send out the information to the Central Region Omaha Systems User Group.
6.E-Health TIGER pre-summit	Technology Informatics Guiding Education Reform (TIGER): <ul style="list-style-type: none"> • TIGER seeks to provide alignment of nurses around the use of interoperable electronic health records. • One of the Minnesota e-Health Summit 2010 pre-summit workshops is "Minnesota Nursing TIGER Collaborative: Working Together, We Can Do It" and public health will participate in a 30 minute panel discussion about the needs of public health in meeting the 2015 mandate of interoperable electronic health records. 	
7. Other	At today's meeting a question was asked about how the Omaha System is updated and revised. The first edition of the Omaha Systems book was published in 1992, the 2 nd edition was published in 2005. Karen Martin provides oversight for the revision, using rigorous research methods. The exact date of the next edition is not known, but user input will be solicited 2-3 years in advance. Minnesota Omaha	The Central Region Omaha Systems User meetings are one method of having input to revisions and

	System Users Group was acknowledged in the preface of the 2005 edition, and we will be encouraged to participate in the next revision as well. There is an Omaha System Board (Consortium for the Omaha System International) that serves in an advisory capacity to Karen Martin.	updates of the Omaha Systems Book.
8. Next Scheduled Meeting	June 17, 2010 – we can hold this meeting or postpone until July interrater reliability dates.
